

CE05085 Biosafety Cabinets and Hoods

HealthPRO's contract for Biosafety Cabinets and Hoods brings to members equipment for use in pharmacy cleanrooms to meet NAPRA standards, as well as for laboratories and a variety of other controlled environments.

The contract includes biosafety cabinets and laminar flow hoods in various sizes and ducting configurations, as well as clean benches and compounding isolators for Class I, II and III protection levels.

Also in scope of this contract are related accessories, parts and service.

Open for Commitment

Contract Term: January 2019 to March 31, 2025
